Northern Nuggets

The district was deeply shocked last week to hear of the tractor accident which claimed the life of Bruce Larson and sincere sympathy is extended to his family.

Mr. Norman Glover of Lloydminster was a week-end guest at the Ron Currie home.

Miss Edith Jones is visiting her mother Mrs. E. J. Jones for the remainder of the holidays.

Mr. and Mrs. Lura and family of Edmonton have been visiting Mrs. Larson's parents, Mr. and Mrs. Herder and other relatives in the district.

Congratulations to Constable and Mrs. Lloyd Johnson of B.C. on the recent birth of a son, David William.

Mrs. A. E. Cox and girls arrived on Wednesday to visit at the C. L. Currie home.

Congratulations to Hugh Fleming who received word that he had successfully passed his Grade IX exams.

The Triangle Community Association held its annual meeting at Albert School on Thursday, August 11. Officers elected for the coming year are: Chairman, Mr. R. Lukens; Treas., Mrs. R. McRoberts; Directors, Mrs. Edgar Jones, Mr. E. C. Prior, Mr. Percy Miller, Auditor, Mrs. C. Ramsay.

A very pleasant evening was spent at the home of Mrs. Art Pierce on Monday when she and Mrs. Clifford Emmott entertained at a shower for an old school friend, Miss Genevieve Meyer, whose marriage is to take place in Edmonton next week. Over twenty ladies enjoyed the evening of contests when the hostesses rolled in a beautifully decorated crib full of parcels. Mrs. Pierce extended the best wishes of all present to Genevieve who very capably expressed her thanks after spending her many lovely gifts. A delicious lunch served by the hostesses brought the evening to a close.

Jarrow News

Mr. and Mrs. E. Young and family accompanied by Betty Lou and James Beer visited at Marwayne on Sunday.

Our congratulations are extended to Norine Skori on her successful passing of the Grade XII subjects.

Mr. and Mrs. Marshall Burns and Ross motored to the city on Monday for a short visit.

We are sorry to hear that Mrs. Frank Main is a patient at the Viking hospital.

Mrs. Clarence Meakins and Bonny were in Edmonton over the week-end.

Notice to Creditors And Claimants

IN THE MATTER OF THE ESTATE OF ALICE HAUGAN, late of Irma, in the Province of Alberta, deceased.

NOTICE is hereby given that all persons having claims upon the Estate of the above named Alice Haugan, who died on the 28th day of March, A.D. 1955, are required to file with Messrs. Purvis, Johnston and Purvis, 604 Royal Trust Building, Edmonton, Alberta, by the 19th day of September, A.D. 1955, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED at the City of Edmonton, in the Province of Alberta, this 11th day of August, A.D. 1955.

Purvis, Johnston and Purvis, Barristers and Solicitors, 604 Royal Trust Building, Edmonton, Alberta.

Solicitors for the Executor.

Metropolitan Successes In Edmonton Exhibition

Pupils of the above school have become known for their persistent successes in the Edmonton Exhibition and this year has been no exception. Of the 31 entries submitted, 28 won awards, 16 winning firsts.

Individual winners were:
Grade 8—Gordon Kirkus:
Handwriting 1st.
Border Design 1st.
Fruit Study 2nd.
Bird Study 3rd.
Cut Paper Landscape 1st.
Soap Carving 4th.

Marjorie Rawluk—
Handwriting 2nd.
Animal Study 1st.
Soap Carving 1st.
Flower Study 2nd.
Needlework 4th.
Wooden Tea Tray 1st.

Grade VI—Patricia Rawluk:
Border Design 1st.
Handwriting 2nd.
Still Life 1st.
Decorated Paper Plate 4th.

Grade V—Brian Rawluk:
Still Life 1st.
Border Design 1st.
Design for Tablecloth 1st.
Decorated Wastepaper Basket 1st.

Grade III—Shelia Rawluk:
Border Design 1st.
Sewn Cloth Picture 1st.
Cut Paper Picture 3rd.

Grade I—Ross Burns:
Cut Paper Picture 1st.
Border Design 1st.
All-over Design 2nd.
Handwriting 4th.

Echo-Rodino News

Mr. Hugh Rayment Jr. and children of the city are visiting with A. Winfield.

Word has been received that Patsy Faulkner is much improved in health since her operation in the city.

Mr. Octave Rogge is spending a vacation with his daughter, Mrs. A. Beckett.

Enid Jones is spending a while with her grandparents Mr. and Mrs. A. Winfield.

Glady Faulkner has been to Ranfurly with her sister Mrs. Stan White.

Mr. and Mrs. Frank Nash have taken a young girl, Violet Bonness, into their home. She arrived from Edmonton on Wednesday.

Miss Shirley Nash of Wainwright is home for the week-end.

A nice crowd turned out to the Benefit Ball Tournament at the grounds on Sunday. The weather was ideal and everyone had a nice outing.

Born to Mr. and Mrs. Leo Komachuck, a son, at the Red Deer hospital. Mrs. Komachuck is the former Irma Jackson.

The infant son of Mr. and Mrs. P. Johnston was given the name Robert Alexander at a Baptismal service August 4. Rev. V. R. Cole officiated.

The August meeting of the Rodino W.A. was held at the home of Mrs. W. Revill.

To our knowledge, Tom Greenwood and Ambrose Beckett are the first to cut grain this fall, starting on August 15.

SPECIAL THANKS

The Rodino Athletic Club appreciates the response from the Viking Shamrock at the Benefit Ball Tournament on Sunday. The games were thoroughly enjoyed as were the softball games. Thanks to all folks who patronized us at the gate and booth.

Card of Thanks

I wish to express my most sincere thanks and appreciation for the lovely cards and the visits from my friends and also the lovely boxes of fruit which I received during my stay in the hospital.

Mrs. Violet Herbert.

Church Services

ST. MARY'S CHURCH NOTES

Service of Evensong will be held in St. Mary's Church on Sunday, August 21 at 2 p.m.

We will also have a Little Helper's Rally at this Service. Will all Little Helpers kindly bring in your boxes for presentation.

A picnic will follow at Steffen's Lake, weather permitting.

SHARON LUTHERAN

Sunday, August 21
Sunday School and Bible Class 10 a.m.

Divine Worship 11 a.m.
L. Knudson, Pastor.

Kinsella News

Miss Margaret Murray was a guest at the home of her friend Miss Vera Henderson of Viking last week.

Mr. and Mrs. Jack Simmons spent a short holiday in Edmonton recently.

Mr. and Mrs. D. Corbett of Edmonton spent the week-end at their cottage at Camp Lake.

Mr. Fred Waltz of Uranium City, Sask., is at present visiting his parents, Mr. and Mrs. F. Waltz.

Mrs. R. Bilault, nee Cora Murray and daughters Bonnie and Wendy of Vancouver are holidaying at the home of Mr. and Mrs. J. F. Murray.

Malcolm Loades was visiting at the farm home of his friend Jack Lancaster last week.

Mr. and Mrs. A. Loades and Mrs. F. Loades attended the 25th wedding anniversary of Mr. and Mrs. J. F. Murray on Sunday, August 7.

Mrs. J. F. Murray is spending a few days in the city.

Kinsella United Church will be closed for services until Sunday, September 18 when the Rev. C. Swallow is on holiday.

The friends of Kinsella and district extend their deepest sympathy to Mr. and Mrs. R. O. Larson and family of Irma on the tragic death of their son and brother Bruce.

VERMILION BINGO AUGUST 20

Another of the popular series of Car Bingos will be held at Vermilion in the curling rink on Saturday, August 20, at 9:15 p.m. Feature prize is a 1955 Chevrolet, 210 series, equipped with turn signals, tinted glass and condenser heater. Admission \$2.00 each, extra cards 2 for \$1.00.

TRY A TIMES WANT AD

Wainwright School Division No. 32

Notice To Parents

School Readiness Tests for all children who become six years of age between the 1st of September and the 31st of December 1955, will be conducted by the Superintendent of Schools, Mr. L. G. Hall on the following dates: Parents are requested to please be on time with the children, bring birth certificates so that proper records can be made.

Chauvin School — August 23rd — 9:30 to 11:30 a.m.
Edgerton School — August 23rd — 1:30 to 3:30 p.m.
Irma School — August 24th — 9:30 to 11:30 a.m.
Wainwright (Denwood) — August 25th — 9:30 to 11:30 a.m.

Wainwright School Division No. 32.

Oliver G. Griffiths, Phone No. 2.

19-26c

EASTERLY ECHOES

The home of Mr. and Mrs. J. Holt was the scene of a happy gathering of relatives and friends from far and near on August 6. The occasion was the 48th wedding anniversary of Mr. and Mrs. Holt and the 9th birthday of their grand-daughter Patsy Kurtz. Among those present were Mr. and Mrs. Tom Holt and sons of Edmonton, Sarah Holt and Gayle and Jeanie Carr and Sam and Mary Holt and family all of Edmonton; Corp. and Mrs. Jim Barrett and family of Saskatoon and Bill King.

The Misses Aafien and Margaret Van Dyke of Edmonton have been visiting for a week at the Motse home.

Our congratulations to the following successful candidates in grade IX: Mary Dootson, Maureen Patterson, Darlene Veer and to Harold Dootson who has secured his Senior Matriculation.

CELEBRATES 80th BIRTHDAY

At her charming home last Friday afternoon Mrs. Geo. Tripp celebrated her eightieth birthday by holding "open house" to her friends, nearly three dozen of whom signed the guest book. An enjoyable social hour was spent over the tea and in charge of arrangements for the tea were Mrs. R. McFarland, Mrs. C. McKel and Mrs. Tripp's two nieces by marriage Mrs. C. Smallwood and Mrs. A. Smallwood.

Mrs. Tripp, a native of New Brunswick, came west in 1909 to join her father, Mr. A. C. McKay and her brother Mr. C. McKay on their farm south of Irma. In 1918 she moved to town where she has since resided. Her numerous friends wish her many more happy birthday anniversaries.

HON. L. B. PEARSON TO SPEAK AT PARK

Hon. Lester B. Pearson, Canada's minister of external affairs, will be the speaker at a public gathering in Elk and National Park at 2 p.m. Sunday, Aug. 21, according to an announcement Friday. He will discuss "International Affairs."

The gathering is sponsored by the Vegreville Federal Liberal Constituency Association.

John Devore, MP for Vegreville, and others are making program arrangements.

J. Harper Prowse, M.L.A., provincial Liberal leader, and several other members of the Liberal group in the legislature are expected to attend.

FISH IN CAMP LAKE

The fish in Camp Lake have started biting, according to Bruce Greenwood of Kinsella who is reported to have caught a 16 lb. rainbow trout on Sunday, August 7. The lake was stocked with grayling and rainbow trout two years ago.

U.K. hopes have coal-fired gas turbine locomotives soon

LONDON.—British hopes to have a coal-fired gas turbine locomotive on trial early next year, states a Canadian Press story.

The emphasis is on the word "hopes." The date is tentative. The three-way project, involving the ministry of fuel and power and two private firms, is one of a number of steps being taken by the nationalized British Railways to modernize its vast system.

Advance information is restricted, but it is hoped that the pilot model will be competitive in every way with present-day steam locomotives and will have the added economic advantage of fuel saving.

One view is that the new model will consume half the coal used by a steam train on the 400-mile London-to-Glasgow run. In a country where coal industry is flagging to the extent that coal imports are necessary, the saving on the British Railways' coal consumption last year of 13,000,000 tons would be considerable. It is also anticipated that servicing costs would be lessened.

The coal-fired gas turbine itself is the product of a Newcastle firm. The company declines to give full details of operation but says that the hot exhaust gases from the turbine are recirculated to heat combustion air which the turbine takes in.

Sound barrier to heat barrier

Lord Brabazon of Tara pressed a claim at Coventry on June 13, to start a new Mach Three wind tunnel, and so symbolized the change of emphasis in the British aircraft industry from considerations of the sound barrier and its problems to those of the heat barrier.

Developed at a cost of £200,000, the new tunnel is capable of giving a continuous flow at three times the speed of sound. It will be used for testing rockets, advanced jet engines, guided missiles, and the coming generation of 2,000 m.p.h. aircraft.

The Mach Three was chosen as the upper limit because it represents the most pressing requirement of modern aerodynamic research. It is in the range of the heat barrier—speeds at which the heat generated by the motion through the air begins to distort aircraft structures and makes air-breathing engines unusable in any form known today.

Construction of the tunnel was a major feat of British engineering and aerodynamic design. It occupies over 30,000 square feet of floor area and scoops out the entire summer flow of the nearby River Sowe for cooling water. "Swallows" 1.6 tons of air a minute and has a 10,000 h.p. motor that consumes the equivalent of one-tenth of Coventry's peak-load electrical supply.

But the actual working section is so small that the test models used are no more than 16 inches long. Testing time is to be allocated to the Government and industry at large.

The power will be transmitted mechanically in the locomotive being built separately. The locomotive builder says its vehicle for the turbine is "a single unit carried on two six-wheeled bogies." The power—1,600 horsepower at the rails—will be transmitted to four of the six axles.

British railways already have two crude oil-fired gas turbine locomotives in experimental service, and say that research is continuing. One was built in the United Kingdom, the other in Switzerland.

In addition, British Railways has launched a 15-year, £1,200,000 dieselization program, and has already placed 1955-56 orders for 170 main-line diesel locomotives.

To add pounds

Disatisfaction with one's weight is not confined to the overweight—there are many people who would like to add a few pounds. For those in normal health, a basic balanced diet, supplemented by some of the things the heavier people are forbidden, will often help to add the desired ounces.

Following Canada's Food Rules for the essentials in the diet, will provide normal meals—extra helpings of creamy soups, high calorie milk drinks and desserts will probably add some weight. Fruits and vegetables, rich in carbohydrates are helpful as, for instance, beans, plums, grapes, prunes and apples, and dried beans, peas, corn and potatoes, sweet and plain.

Between-meal snacks, not recommended for the overweight, may be indulged in, by the leaner types.

Fashions

Week's sew-thrifty

Now is a good time to locate those patches of Tartary. It is an annual weed, resembles slightly wild buckwheat but has a yellowish green leaf with red veins on the under side. It is also a little larger leaf and not as smooth as wild buckwheat. It is not a climbing or vine plant but grows six to 18 inches high.

To prevent its spread follow these points:

Learn to recognize the plant and seed; sow only clean seed—keep away from elevator seed cleaners; prevent isolated plants from going to seed by pulling them.

Space does not permit a full discussion on control methods but all those who have the problem can get this information by writing to the Ag. Rep. office.

Now is the time to locate this weed, 47 seeds per pound of what will lower the grade from No. 2 Northern to 3 Northern. Seventy seeds per pound will give a rejected grade and a rejected grade price.

Anyone wishing further information or identification should contact either the Ag. Rep. or district No. 3 weed supervisor, C. A. Harrigan of Unity.

by Anne Adams

Only FOUR main pattern parts to cut out, stitch! See the diagram, how EASY it is to make this pretty summer dress! Its smooth, simple lines are so flattering to your figure. Shoulder bows untie for jiffy ironing. Choose a gay color—sew it now!

Pattern 4506: Misses' Sizes 12, 14, 16, 18, 20. Size 16 takes 5½ yards 58-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions. Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to:

Department P.P.L., Anne Adams Pattern Dept., 60 Front Street W., Toronto

Traces Tartary Buckwheat weed have been found

By ALLAN RUGG (Wildlife Area Ag. Rep.)

Tartary Buckwheat has been discovered in the Kulkine, Unity and Reward districts. So far there is no report of carloads of wheat having gone rejected because of this weed, but this can happen. This is due to the fact that the seed cannot be cleaned out of wheat which renders it useless for production of flour if in too large quantities.

Now is a good time to locate those patches of Tartary. It is an annual weed, resembles slightly wild buckwheat but has a yellowish green leaf with red veins on the under side. It is also a little larger leaf and not as smooth as wild buckwheat. It is not a climbing or vine plant but grows six to 18 inches high.

To prevent its spread follow these points:

Learn to recognize the plant and seed; sow only clean seed—keep away from elevator seed cleaners; prevent isolated plants from going to seed by pulling them.

Space does not permit a full discussion on control methods but all those who have the problem can get this information by writing to the Ag. Rep. office.

Now is the time to locate this weed, 47 seeds per pound of what will lower the grade from No. 2 Northern to 3 Northern. Seventy seeds per pound will give a rejected grade and a rejected grade price.

Anyone wishing further information or identification should contact either the Ag. Rep. or district No. 3 weed supervisor, C. A. Harrigan of Unity.

Helpful Hints

When sprinkling clothes, try using a small sprinkling can. Also use boiling water, which will penetrate the clothes more quickly.

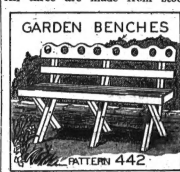

The fancy "scored" cucumber slices are easy to make. Just draw a fork lengthwise from end to end on the cucumber and then slice thin.

A coat of colorless nail polish will keep shiny buttons from getting dim when washed.

When the meat grinder requires oiling, use a drop or two of glycerine. This will prevent any disagreeable taste or smell and will act as a lubricant.

Home Workshop

Besides being a most practical piece of outdoor furniture this bench should add interest and simple charm to any yard or garden. The pattern gives cutting diagrams for three different styles that may be used for the back. All three are made from stock

sizes of inexpensive lumber. This pattern 442 will be mailed for 35c. Available in packets of five standard size patterns at \$1.50, each packet, are: Lawn and Garden Figures, packets No. 1 and 2; Home Improvements, packets 1 and 2; Lawn and Garden Furniture, packets 1 and 2. Any of these packets may be returned for refund if any single pattern in a packet is not useful.

This jaunty little man with brightly painted sweater, jacket and trousers is bursting with pride over the handsome plant stand and he wheels one too. When there are so full of good humor that your neighbors will wish he had paid them a visit, too. When there are no blooming plants for the

barrow, fill it with evergreen boughs. Tracing diagrams for sawing out the shaped parts and showing the exact positions of each color on the figure are on pattern 365 which is 35c. Other Lawn and Garden Patterns, No. 1 and No. 2, which are \$1.50 each. These packets may be returned for refund if any single pattern is not useful.

Address order to: Department P.P.L., Home Workshop Pattern Service, 4133 West Fifth Avenue, Vancouver, B.C.

The jaguar, an animal something like a leopard is found from southern Texas south to Patagonia.

—By Chuck Thurston

Canadian 'town' in military camp has Germans puzzled

ZWEIBRUECKEN, Germany. A pint-size model of Canadian democracy has residents of this West German town shaking their heads with wonder, relates a Canadian Press story.

How, they ask, does a military community come to have its own government and how does a lowly sergeant get to be mayor?

The situation exists in the block of Permanent Married Quarters built for dependents of men serving with the RCAP 1st Air Division's No. 3 Fighter Wing.

Some 40 families, comfortably settled in the modern three-storey buildings, have drawn up a community constitution and elected their own civic authority of nine councillors and a mayor. First citizen of the four-month-old town is Sgt. Wilfred Heard, 35, of Calgary, now serving his first one-year term in office.

The PMQ community is set out on a triangular site, pointing at the nearby fighter station, with the home of the station commander, Group Capt. C. H. Hull of Vancouver, at the apex.

The community's new council has two functions, as set out in the constitution: To improve life in the married quarters settled upon by promoting communal activities in the field of recreation and education; and to provide a facility to identify and study community problems and make recommendations to the station authorities on how these problems may be solved.

But Mayor Heard puts it more simply: "The aim of the council is the welfare of the citizens."

Development of this distinctly Canadian community on German soil has been rapid. Ottawa approved the PMQ plan in January, 1954, and three months later the German command moved on to the site. By December most of the quarters were completed and by March, 1955, the families had moved in. Elections were held immediately, with each ward of about 45 families voting in one council, and the first council meeting was held in the station school March 2. Each family was asked to contribute \$1 and the council started off with a working fund of about \$400.

Committees have since been set up to deal with problems of finance, publicity, health and welfare, social activities, town planning and safety.

Road safety is receiving particular attention and traffic signs are being erected throughout the community. Mayor Heard has a special interest in this work. His six-year-old son Brian, was killed by a German truck some months ago. Police protection for the community is provided through an hourly two-man patrol by the station's own service police.

The council convenes once a month but almost every night Heard meets individual councillors in the bright three-bedroom unit.

Federal grants to hospitals
OTTAWA.—Two prairie hospitals, one in Manitoba and the other in Saskatchewan, will benefit from newly awarded federal health grants, it was announced by Hon. Paul Martin, federal health minister.

A grant of \$21,820 goes to Manitoba to assist in construction of a new health centre at Glenboro in southwestern Manitoba. The new health centre, which will serve an area of 280 square miles, will provide accommodation for 11 patients and seven bassinets with provision for nurses' quarters and offices for local physicians and public health personnel.

Announcing the \$60,000 federal grant to Saskatchewan, Mr. Martin said it would help provide for a T.B. wing extension to the Saskatchewan hospital at Weyburn. The new wing, of brick and concrete construction, will have accommodation for 40 patients.

Coconut Fudge Chiffon Cake
Sift into a bowl, 1 c. plus 2 tbs. once-sifted cake flour, 1½ tsp. Magic Baking Powder, ½ tsp. salt, ½ c. fine granulated sugar; mix in ¼ c. desiccated coconut. Make a well in dry ingredients and add in order given (do not stir mixture). ¼ c. corn (saled) oil, 2 unbeaten yolks, 1 c. plus 2 tbs. water, 1 tsp. vanilla, 2½ oz. unsweetened chocolate, melted and cooled. Stir liquids a bit, then stir in dry ingredients; beat until batter is smooth. Measure into large beat ¼ c. egg whites (at room temperature) and sprinkle with ¼ tsp. cream of tartar; beat until whites are very stiff—much stiffer than for meringues, etc. Add flour mixture, about a quarter at a time, and fold after each addition until batter and egg whites are well combined. Turn batter into an ungreased 8" angel cake pan; bake in rather slow oven, 325°, about 1 hour. Immediately cake comes from oven, invert pan and suspend cake until cold.

he occupies with his British-born wife, Betty, and 11-year-old daughter, Pamela.

The community councillors include: Fit Sgt. E. W. (Ted) Garfray, 31, Great Falls, Man.; Cpl. J. H. (Harry) Murdoch, 30, Osage, Ont.; WO2 R. A. (Russ) Davidson, 37, Calgary; PO M. J. (Murray) Herriot, Souris, Man.; Sgt. C. C. (Chuck) Jewson, 32, Williamstown, Ont.; Cpl. G. D. (Glen) McWilliam, 32, Victoria; and WO James O. Tiley, Meadow Lake, Sask.

What are the community's plans for the future? Said Heard:

"I'd like to use a good sports field here and we're waiting for a community centre with bowling alleys, council rooms and a 'teen town' with soda fountain and so on."

"I'm hoping too that we'll be able to incorporate the interests of all community groups—such as the Girl Guides, Boy Scouts, youth clubs and sports leagues—within the council soon."

Strictly Fresh

Fred Schilling of Eau Claire, Mich., looked in his mailbox and found an unsigned note, which read, "I stole your deer ride." At least he knows it wasn't lost.

Joseph Fradier of Mulhouse, France, wants to be the man who

sold him a defective revolver. It didn't fire when he tried to kill his wife and her lover.

In Bellingham, Wash., an 84-year-old man fought a 70-year-old one for the affections of a 70-year-old woman. Love is love, no matter what the age.

Nothing can cheer you as much as a friend's smile—except your own.

A Paris guide took a raw-boned Texas oil man around for his first look at the Eiffel Tower.

"Right, purty," conceded the Texan. "How many barrels does it produce?"

OUR COMPLETE SHORT STORY—

CHURCH ON SUNDAY

—By VEGA BROWN

"Boss," bubbled Ruth happily, leaning over the grill counter, "I've got a job for Jerry—a nice job. Mr. Clark is taking him on as a branch bookkeeper."

I hated to drive the light out of her eyes, but someone had to put her wise. "One of Manloft's gang take a job," I growled. "I have yet to see."

"Jerry's not one of the gang!" Her face flushed.

"Get wise, Ruthie," I said. "Has this Jerry Bronson character ever asked you to marry him?"

"No-o," she said, then brightened. "He wouldn't ask a girl until he had a steady job."

"I warn you—that guy won't take any job with week attached."

"You're unfair! Because he's different you say he's no good. He's real refined when he talks to you," she added dreamily.

"Refined?" she says. When I see that waterfront loafer talking out the side of his mouth to Manloft, he's just another—I broke off short. "Talk of the devil!"

Ruth ran to meet him, her voice raised excitedly. Telling about the job. But he wasn't interested, wasn't even listening.

"Has Manloft been in yet?" he asked.

"No!" I said. "An' never is soon enough. But Clark's a swell guy to work for."

"I know," said Jerry. "But I'm expecting to close a big deal tonight."

Ruth started off bravely on a new track. "It's such a pretty little town," she said persuasively. "Maybe you'd find a nice girl and get married—have a house and garden. There'd be nice friends, and on Sundays you'd go to church, and later on there might be kiddies."

The poor little doped I thought. "Hey, you're going too fast," he cut in. "Do you?" He stopped, his eyes hardened and the smile ebbed from his face.

Ruth clung to his arm as Manloft shouldered his way into a booth followed by Max and Tony. "Hi, baby!" he shouted. "Mine's corned beef—an' shake those pretty gums."

"I'll take their order, Ruth," I said.

"They don't bother me," she snapped. "I know what he's eating her—she was hurt that Jerry would stand for him talking to her like that."

When Ruth returned with the orders, Jerry had joined them, and the four heads were close together. I knew that they were up to no good. Both Manloft and Tony had done time for smuggling. I heard Manloft say, "Okay, Bronson. Midnight sharp." The big lug made a pass at Ruth, but she was too quick for him. She went back to the kitchen, but a minute later out poked her head. "Mr. Bronson—wanted on the phone."

Jerry rose and followed her. Presently Ruth returned alone, and I gasped when she took the vacant seat next to Manloft. His arm went round her, and he moved quickly, but she shook her head. I shrugged my shoulders; something was cooking that I couldn't figure. Suddenly Manloft jumped to his feet and grabbed his hat. The others followed; they looked badly worried guys to me.

Ruth watched them go with a contented smile.

A noise of muffled shouting and heavy blows filtered into the room.

"What the—!" I said, starting off towards the noise.

Ruth checked me. "It's only Jerry," she said. "He's locked in the storeroom. I told him the phone was there."

"Let him out pronto!" I snapped. "An' no more money business or your fired."

A moment later Jerry burst in. "Where are they?" he yelled. "I wouldn't know," I said. "Better ask Ruth."

He turned on her. "Well?"

"Where you want find them?" she said defiantly.

He started for the door, but Jerry grabbed him. "Please, Jerry," she begged. "They'll kill you!"

He seized her by the shoulders, his eyes glowing. "Now why would they want to kill me?"

"Oh, Jerry," she faltered. "I couldn't bear your being mixed up with that mob. I told them you were a stooge working for the Customs."

He threw up his hands. "That's a woman for you!" he said. "There's that nice boy with Mr. Clark," said Ruth, her eyes appealing. She looked so tragic that I hurried to her aid. "I told you, Bronson," I said. "Little Ruthie scaring off those toughs—what a laugh!"

"That's funny," he said sourly. "I am a Customs agent. I'd have nabbed that gang tonight red-handed if she hadn't ruined everything."

Ruth burst into tears.

"She did it for your sake, Bronson," I said. "How was the kid to know?"

His mouth relaxed, his arm went round her shoulders. "Come, come, honey," he said. "There's nothing to cry about. I'm quitting the Customs anyway, and I'll see Clark in the morning."

Then as she looked up at him, he added huskily, "I can't promise the house and garden right away, but I'll sure take you to church on Sunday."

Be altar shy live to 105 says oldest

PORT ARTHUR, Ont.—Gus Rodney passes his 105th birthday, a Canadian Press story relates.

Be altar shy and live to 105. Gus Rodney, 105, is the oldest man in the world, although the specific day of the year he was born is a mystery. He regards his escape from matrimony as a major schism, and prime factor in reaching ripe old age.

"I did know a girl once a sort of had my eye on her, but the other eye wandered at the right moment and I got out of that fix," he said.

Gus attributes the fact he still has his own teeth and a full shock of white hair to his freedom from women.

"Why you know what a young bride's cooking can do to a good set of teeth," he said, "and all those years of worrying women and have done my hair any good either."

Getting along in his advanced years, Gus seems to get along pretty well.

"My eyes are not quite what they used to be, but I can see," he admitted, "but otherwise I get along just fine."

Gus is a little hairy about his earlier years. He remembers landing here when he was about 12, when there was just one store and a lot of Indians.

He recalls that about the time of the Riel Rebellion his father had a restaurant here.

"There wasn't much call for that sort of thing," he says, "and my father went broke."

NEW SCOOTER

Although it has only recently begun rolling off the assembly lines, the Albatross, Britain's first mass-produced modern-style motor scooter, has already been ordered in substantial numbers by dealers in the Commonwealth, the U.S.A. and Scandinavia. Streamlining and a 225 c.c. engine give the new scooter a speed of 70 m.p.h.

Don't Trigger Disaster

Cool, juicy, flavorful berries perfect for hot and wet weather dessert

Berry season is here again and what could be more perfect for a hot weather dessert than a bowl of cool, flavorful juicy berries. Whether served plain or dressed up they make a colorful appetizing dish to tempt lagging summer appetites.

The home economists of the consumer section, Canada department of Agriculture, after picking berries, put them in a large bowl of cold water—with straw berries wash before hulling. Let any sand or soil settle to the bottom, then lift the berries gently from the water with your fingers, letting them act as a strainer. Do not let berries stand long in the water because they are apt to lose their good color and flavor.

This year why not make the most of the berries by serving them in a variety of different ways. One of the most popular ways is a simple dessert of berries and cream with perhaps a little sugar. Pies and tarts are national favorites and a fruit chafin pie or a crisp angel pie with a fruit filling can give an otherwise simple meal a party air.

No one would be satisfied to let the fruit season pass by without having several shortcake made with either light golden brown biscuits or tender cake layers and topped with swirls of whipped cream.

Snowy white meringue baskets are always tempting served heaped full of ice cream and sweetened berries. Popular also are for cream sundaes with fresh berries and so are the most of frozen and ice box fruit desserts.

Berries are one of the most perishable fruits and for this reason they are packed and then transported quickly. The best flavor is found in berries that are plump, firm and uniformly ripened.

To store berries they should be kept cool and dry in a place where there is good air circulation. The home economists say never to pack berries into jars. They suggest storing them in trays or shallow pans as this will avoid bruising or crushing the berries.

For safety's sake, all fruit should be washed before serving.

Northern pike will spawn in strange waters

PRINCE ALBERT.—A recent occurrence at the provincial fisheries branch's Port Qu'Appelle hatchery has provided branch personnel with valuable information concerning the spawning habits of great northern pike.

It has always been generally accepted fact that pike (commonly known as "jacks"), would not spawn each spring without habitually migrating upstream to special spawning grounds. However, it has now been found that these fighting game fish will often spawn in supposedly unsuitable areas.

Adult pike placed in the Port Qu'Appelle hatchery last spring actually spawned and raised approximately 1,200 young (now in the fingerling stage), in the hatchery's rock-bottomed rearing ponds. Generally, these fish seek weedy beds in which to spawn.

G. E. Coullwell, Saskatchewan's fisheries director, said this hatchery pond spawning of pike should ease the minds of sportsmen who feared building of dams and screens on provincial waterways would deter proper reproduction. The dams and screens are being made necessary by the branch's carp control program.

Portholes in ships are made round instead of square because a round opening is easier to make watertight and is also more resistant to the pounding of waves.

THE TILLERS

ON DEAR: I'M SO SORRY, HUNK!

MAYBE THIS WILL HELP TAKE THE PAIN AWAY.

18.5 Million fry, fingerlings planted in provincial waters

PRINCE ALBERT.—Saskatchewan's fisheries branch planted some 18,500,000 fish fry and fingerlings in provincial waters during the past month, G. E. Coullwell, fisheries director, announced.

Species planted included white fish, pickerel, Arctic grayling, trout and northern pike. Distribution was as follows:

Whitefish—11,000,000 fry in Basin, Fir, Jackfish, Lenore, Pratt, Redberry and Sandy Lakes.

Pickel—6,000,000 fry in 19 lakes situated throughout the settled portion of the province.

Arctic Grayling—1,400,000 fingerlings in Beaver (Amisk) Lake, Lac la Ronge and the Churchill River System.

Rainbow Trout—a total of 13,700 fingerlings were planted, with 5,000 going into the new Moosomin dam, in southeastern Saskatchewan; 5,000 into Swift Current's Gouverneur Dam; 2,200 into Cypress Hills water area; 1,000 into Humboldt's Burton Lake; and 500 into an Estevan water area.

Loch leven trout—90,000 fingerlings into lakes, streams and reservoirs throughout the province.

Eastern brook trout—10,000 fingerlings into the Pasquia and Otanquish Rivers, in the Hudson Bay area. (The fisheries branch has an additional 5,000 brown and 4,000 eastern brook trout fingerlings rearing in the Port Qu'Appelle hatchery for distribution this fall.)

Northern pike—1,075 fingerlings in Crystal, Humboldt and Lucien Lakes. In addition, 65 adult pike were released into Fife Lake.

The fisheries branch gets its planting stock from spawn camps set up annually in spring and fall. Eggs collected at these camps are hatched in the branch's La Ronge and Qu'Appelle hatcheries.

Mr. Coullwell said his branch was carrying out planting operations annually to improve and diversify sport fishing in Saskatchewan. He added that the planting of whitefish gave an assist to the province's commercial and domestic fisheries.

Wolsley plans 10-unit project for the aged

REGINA.—The town of Wolsley has finished plans for a 10-unit housing project for the aged and is now prepared to go ahead with negotiations and building arrangements, Social Welfare minister J. H. Sturdy has announced.

Wolsley is sponsoring the establishment of 10 self-contained units for ambulant married couples only.

Wolsley will now make application for the necessary building loan under the National Housing Act, and when it has been secured, will be eligible for a 20 per cent capital grant for construction from the provincial government.

The project will be a "row type" development shaped much like a hotel. Laundry and heating units will occupy the centre of the project.

After the housing units at Wolsley are completed and operation has begun, the Social Welfare department will provide an annual maintenance grant of \$40 per unit as it does for all such developments for the aged which are operated by church, charitable, municipal, or group municipal organizations.

Roasted muskrat tails, a delicacy

TORONTO.—If you want to know how to fix roasted muskrat tails, a rare old Eskimo delicacy, ask Mrs. Elsa Jenkins, just back from a flying trip of the Arctic.

Mrs. Jenkins, Women's Activity Director of the Canadian National Exhibition, came home laden with Eskimo handicrafts for the exhibition.

In two weeks she visited Akavik, an Eskimo settlement within the Arctic circle, and Tukto-yuk, a postage stamp Eskimo village perched on the Arctic ocean.

"I ate with the Eskimos most of the time," she said.

Golden Jubilee congratulations from Australia

Saskatchewan is receiving Golden Jubilee congratulations and best wishes from all parts of the Commonwealth.

A. R. C. Hawke, premier of Western Australia, writes:

"On behalf of the government and the people of Western Australia, I have pleasure in congratulating Saskatchewan on the occasion of its Golden Jubilee as a Canadian province. Saskatchewan has 50 years of outstanding progress to its credit and my government takes this opportunity of expressing the hope that as you go from strength to strength your people will enjoy happiness and prosperity."

J. J. Cahill, premier of New South Wales in his letter of congratulations says:

"Coming as we do from common stock, actuated by common ideals and linked by so many ties of blood and sentiment, it is only natural that we should rejoice with your people on this happy occasion. I take this welcome opportunity to place on record the great value we attach to the maintenance and strengthening of the links of friendship which join our two countries, and to express best wishes for continued happiness and prosperity of Saskatchewan."

D. C. Shepherson, administrator of the Province of New Brunswick, writes:

"The romantic story of the birth and growth of your Province into one of the greatest agricultural regions of the world is a saga of courage, determination and industry on the part of its people, and it is indeed worthy of the commemorative celebrations of the Province's fiftieth anniversary."

T. C. A. Hlop, C.M.C., High Commissioner for New Zealand, in his message, says:

"On the occasion of the Golden Jubilee of the Province of Saskatchewan I send to you and the people of the Province congratulations from New Zealand on the achievements of the past, and best wishes for the days to come."

Personal replies from Premier T. C. Douglas express appreciation, on behalf of the people of Saskatchewan, for the congratulatory greetings.

New microphone eliminates noise

Two new types of microphone recently introduced by a U.K. firm are attracting great interest overseas.

A noise-cancelling microphone can be used in the noisiest conditions, such as on a ship or aircraft, in an airport or hospital. This instrument is used for close talking and all noises outside a range of a few inches are eliminated. It is already fitted in the Vickers "Viscount" turbo-prop aircraft and used extensively at London Airport.

A vision microphone designed for use in theatres and clubs has a 12" diameter mouthpiece. The manufacturer's sales have more than doubled in the past three years and production is now 3,000 instruments a month, of which at least a third is going abroad.

Most northerly cathedral in the world is the Anglican All Saints' Cathedral at Akavik, N.W.T.

J. C. McFarland Co.

Gradually our vacationists are returning to us. Mr. and Mrs. J. W. Matthews, Marjorie and Carol, after an enjoyable trip to P.E.I. detained from the Blue-nose Special early Tuesday morning. Mrs. C. McLean and Mrs. R. Kirkman and children have returned from a month's visit with the Hill family at Warkham. Mrs. J. Ostad and Sharon are home from their holiday at Red Deer and Jasper and Mr. and Mrs. Murray and Barbara returned from Winnipeg on Tuesday night. And finally, Mr. and Mrs. Harry Riley's 3 month jaunt through England is over. They sail from Liverpool on Wednesday, August 17.

Miss Nancy Chesters of Regina is visiting her cousin, Barbara Fenton.

Four little ones were presented for baptism at the United Church morning service last Sunday, namely Linda Lou and Kenneth Wayne, children of Mr. and Mrs. Clair Lukens. They are Isabel daughter of Mr. and Mrs. Eddie Jackson and Diane Louise daughter of Mr. and Mrs. Ted Hill.

Mrs. R. McFarland Jr. and Lynne are at Wembley, guests of Mrs. McFarland's mother, Mrs. Murphy.

Mr. Homer Wyand is a patient in Viking hospital.

Mrs. Sid Pavely and children of Rockies, Sask., is visiting with relatives in the Irma district.

Under ideal fall weather conditions, grain crops are ripening nicely. We understand the swathing of barley has begun in some districts.

Mr. and Mrs. J. Jackson have been visiting their daughter Mrs. C. Bartholow at Sundrie. On the return trip they stopped over with friends at Red Deer.

Jimmie Mason is holidaying with his sister Miss Lillian Mason at High River.

Building operations have been started on new houses for Balmertine and Pendleton families.

Mr. and Mrs. O. Lovig made a brief visit to Wetaskiwin this week.

A TIMES WANT AD PAYS

LOCAL COWBOYS PRIZE WINNERS

(From The Viking News)

Local cow punchers have been doing the rodeo circuit and have done right well by themselves. George Myren took second money in the back riding at the Bruce stampee; winning game event at the Benalto stampee; at Weyburn, Sask., second money in bareback and saddle events and at Medicine Hat was also second in bareback riding. At Benalto, young Bill Hale took first prize in Brahm bull riding.

In the first five months of this year the Canadian automobile industry produced 206,817 vehicles for sale in Canada. In the period sales and excise taxes remitted to the federal government totalled \$80,656,497 and payroll was \$68,552,716.

About one-third of Saskatchewan's electrified farms draw their power from wind generators.

Local News

Irma Evening Group August meeting will be held Tuesday the 23rd at the home of Mrs. Geo. Fischer. Hostesses, Mrs. McMillan and Mrs. H. Barber. Devotionals by Mrs. O. Lovig. Program, Mrs. C. Jones. Roll Call, Exchange of Written Out Favorite Recipe.

Recent guests over a weekend with Miss Flewelling and Mrs. Tate were their nephew, Mr. C. G. Flewelling, Mrs. Flewelling and daughter Gail of Lacombe. Sunday visitors were Mr. and Mrs. J. James and son of Bulwark, Alta. Miss Margaret Tate of Vancouver, B.C. returned with them for a short visit. Mr. and Mrs. L. T. Raham and daughter Lorene of Windsor Ont., were guests of Jacqueline's mother, Mrs. Tate.

Bruce Larson, eighteen year old son of Mr. and Mrs. R. O. Larson, Irma, passed away in Wainwright hospital early Friday morning, as a result of a tractor accident sustained at his father's farm north of town on the previous evening. The sympathy of the community goes out to his parents, his sister Jean and brother Scott. Full obituary in next week's issue.

Mr. and Mrs. T. Shaw have returned from a week's holiday at Banff.

Mr. and Mrs. Bert Evans have had as a guest, her mother Mrs. Haeo of Viking.

Mr. and Mrs. Gordon Daley and children of Edmonton have been visiting at the Mikkelsen home.

Mr. and Mrs. Don Simmermon of Worsley were recent visitors at his parental home.

Shirley of Ryley has been visiting at the home of her sister, Mrs. E. Tomlinson.

The W.A. of St. Mary's will hold a Sale of Home Cooking and Farm Produce on Saturday, August 20 in the Irma Food Market.

KEEPING UP-TO-DATE ON VARIETIES

Farmers today follow with interest any new varieties of grain that hold promise of something better in the way of yield, resistance to disease and early maturity.

Our "Crop Testing Plot" demonstration plots, where different varieties of wheat, oats, barley and flax are grown side by side, offer the opportunity for anyone interested to pay a visit and to see for himself how different varieties compare under local conditions.

Every Searle Agent has a list of the location of these plots which farmers can observe to their profit.
